Basic Detox Nutrients™

Basic Detox Nutrients™

A comprehensive multiple vitamin-mineral with additional nutrients to aid in detoxification*

- A unique multiple vitamin-mineral product designed for a toxic world
- Use as part of a complete cleansing program
- Use as a stand-alone product to mitigate exposure to environmental toxins*
- Now with highly bioavailable flavonoid phytosomes – green tea, curcumin, and milk thistle

Allergy Warning

This product is contraindicated in an individual with a history of hypersensitivity to any of its ingredients.

Iodine may occasionally cause an allergic reaction in some individuals.

Basic Detox Nutrients contains curcumin phytosome, silybin phytosome, and green tea phytosome, plant extracts complexed with phosphatidylcholine, which is derived from soy. Phosphatidylcholine contains no soy protein. There are no other soy-based ingredients in Basic Detox Nutrients.

Pregnancy Warning

If pregnant, consult your health-care practitioner before using this product.

Interactions

As vitamin K interferes with the effect of anti-coagulant drugs (like Coumadin), the concurrent use of these agents should be avoided.

Folinic acid and 5-methyltetrahydrofolate supplementation is not recommended concurrent with methotrexate cancer therapy, as they can interfere with methotrexate's anti-neoplastic activity; however, these folate sources have not been shown to interfere with the anti-inflammatory activity of methotrexate. An individual taking methotrexate for psoriasis or rheumatoid arthritis can safely take a supplement containing folate.

Curcumin has been shown to reduce the therapeutic efficacy of cyclophosphamide (Cytoxan) in animal studies. *In vitro* research reveals curcumin decreased camptothecin-induced death of cultured breast cancer cells. Curcumin might also interfere with the absorption and efficacy of the chemotherapy drug irinotecan, used to treat colon cancer. The concurrent use of curcumin with these agents should be avoided.

Additional Warnings

Vitamin C can cause diarrhea in some individuals in large doses, which can vary from person to person and resolves when the amount is reduced.

Gas, bloating, or diarrhea may occur in some individuals taking magnesium supplements. This can occur at varying amounts depending on the individual and resolves when the amount is reduced.

Purity

This product does not contain wheat, gluten, corn, yeast, egg, dairy products, or artificial colors, artificial sweeteners, or artificial flavors. This product also does not contain lactose, palmitic acid, magnesium stearate, or stearic acid.
