Pure Ingredients, Trusted Results

Medipro®

Hydrolyzed whey protein plus added vitamins and minerals*

- Enzymatically hydrolyzed (pre-digested) protein for decreased allergenic potential*
- Provides a great high-protein, low-carbohydrate meal supplement*
- Provides an excellent alternative to Children's Basic Nutrients for those kids who won't swallow capsules or for the picky eater who needs more protein*
- Can be used for patients recovering from oral surgery or any other medical problem that makes chewing difficult*
- Helpful for elderly people who need protein and nutrients but have trouble swallowing capsules*

Allergy Warning

This product is contraindicated in an individual with a history of hypersensitivity to any of its ingredients.

Iodine may occasionally cause an allergic reaction in some individuals.

Medipro contains an ingredient derived from milk.

Pregnancy Warning

If pregnant, consult your health-care practitioner before using this product.

Interactions

Folinic acid and 5-methyltetrahydrofolate supplementation is not recommended concurrent with methotrexate cancer therapy, as they can interfere with methotrexate's anti-neoplastic activity; however, these folate sources have not been shown to interfere with the anti-inflammatory activity of methotrexate. An individual taking methotrexate for psoriasis or rheumatoid arthritis can safely take a supplement containing folate.

Purity

This product does not contain wheat, gluten, corn, yeast, egg, soy, or artificial colors, artificial sweeteners, or artificial flavors. This product also does not contain lactose, palmitic acid, magnesium stearate, or stearic acid.

Suggested Use

For adults and children 12 or more years of age, mix 2 scoops in 8 ounces of vegetable or fruit juice, or non-fat milk. Do not use in diets supplying less than 600 calories per day without complete medical supervision.
